

## Laboratory 05. Chapter 7: Arrays

### Programming Methodologies Lab

February 19, 2018

#### *Instructions*

This laboratory requires you to solve **Lab Exercise 1 – Rolling Dice**, chapter 7 of the Laboratory Manual. Read the description of the problem and the problem-solving tips before you start programming. You can download the following template files from Sakai:

`dice.cpp`

You are **required** to solve *Lab Exercise 1* on page 21.

#### *Submission*

You are required to submit the file `dice.cpp` via Sakai.

**NOTE** – You need to **Upload** your files and then **Submit** them. The TAs will have no access to your files if you forget to submit them.
